

For Sellers: Checklist for Selling Your Home

First Impressions are the Most Lasting!

Maintaining the condition of your home is very important to impress buyers. Other people will also be closely examining your home such as Real Estate Agents, Appraisers and Inspectors.

This is an Interior and Exterior checklist to help identify areas of your home which may need work before you put it on the market.

Overall Home

- Clean out stored junk
- Have your home professionally sprayed for insects
- Park in garage at all times for potential drive-by buyers

Childproof your entire home in case potential buyers bring children into your home.

- Make sure kitchen is cleared of knives and other sharp objects
- Secure any tools in garage or work shed
- Place childproof covers on open outlets
- Do not have extension cords or cords where small children might pull
- Place household cleaners and yard products in high storage areas or in locked containers
- If you have a pool have it locked and key available

Overall
